

APEX INITIATES ACQUISITION OF AIR CONDITIONING BUSINESS

In a deal initiated by Apex Corporate Finance (“Apex”), a quoted Building Services group has acquired a leading London based Air Conditioning Maintenance and Installation business.

Our client had a small London presence and was keen to expand this through acquisition. Apex identified and facilitated the acquisition.

This client is cash rich and strategically interested to expand their business both in terms of the service offering but also geography and depth of the client base. We are continuing to work closely with them in this regard.
